

## Promote your Smarter Surface

Place your "I'm a Smart Surface" sticker on the left or right of your Smarter Surface at shoulder height. This identifies to others that they can write on this surface. If you have a light switch on that wall place the sticker above that.

*Tip:* When applying your Smarter Surface sticker, hold the sticker up to the wall and then peel back the backing paper bit by bit and smooth down when adhesive attaches to the wall.

## We want to hear from you

We love to get feedback from our customers. We especially love to see pictures of how you use your Smarter Surfaces.

## END USER GUIDE

Welcome to Smarter Surfaces!

If you are reading this, your Smarter Surface should be ready for you to use.

*(If not, please refer to our Application Guide which is contained within each kit and is also on our website (brochure and video guide). These contain all the information you need to apply Smart Wall Paint.)*

### When can you use your Smarter Surface?

You can start to use your Smarter Surface seven days after it has been applied.

### What do you use to write and draw on your Smarter Surface?

You can use any whiteboard marker and accessory on your Smarter Surface. We offer a wide range of whiteboard accessories which can be shipped worldwide. Visit our online store to purchase.

### How do you clean your Smarter Surface?

The micro-fibre eraser cloth contained in your kit will wipe off and clean your Smarter Surface. You may also use any whiteboard cleaner. Note you can wash the cloth (either in a washing machine at maximum temperature or hand wash.)

### What if marker stains are stubborn and hard to remove?

In the event a stubborn ink has been used on your Smarter Surface, or the surface has not been wiped clean in a long time, you may need to use our Smart Pro Cleaner. Simply spray this on over the affected area, and wipe off with your cleaning cloth.

### How do I use my Smarter Surface?

There are many ways to use your Smarter Surface. It is used all around the world by start-ups, large corporates, universities, schools, homes and contractors. Use it for meetings, brainstorming, to-do lists, designs, drawing and doodling, calendars and lots more.

### Performance during first month

#### **Day 1**

Paint is dry to touch.

#### **Day 7-28**

Ready to use with dry erase whiteboard markers.

Clean each day with the microfiber eraser cloth in your kit. Do not use cleaning fluids during this time.

#### **Day 28**

The Smarter Surface can be used normally. Whiteboard cleaning products can be used required.
